Dear Friends:

The Solicitations Approval Committee, of the Better Business Methods Bureau of this Chamber of Commerce, has no objections whatsoever to your plan of raising a fund for the building of your new church home on Valley Street, providing you raise that fund through outright contributions and not through any plan of an advertising program booklets, and anything in the way of a scheme that is camouflaged under the name of advertising. So long as you make your appeals, and raise funds through straight contributions, we have no objections, as a matter of fact, we have no reason or right to oppose such a plan.

We wish you well, and hope you have the greatest amount of success in the raising of this fund for your new church.

Respectfully yours,
THE GREATER WILLIMANTIC CHAMBER OF COMMERCE
